

STATE OF WASHINGTON
OFFICE OF GOVERNOR JAY INSLEE

TO: Interested Stakeholders

FROM: Governor Jay Inslee

DATE: June 2, 2021

SUBJECT: Consolidating Certain “Healthy Washington” Requirements.

This memorandum hereby consolidates certain requirements documents by directing those industries to follow COVID-19 workplace health and safety measures established by the Department of Labor & Industries (L&I). This memorandum is effective June 2, 2021.

The below-listed Healthy Washington documents primarily govern workplaces, where interaction with customers or the general public is minimal. L&I COVID-19 health and safety measures apply universally to all workplace settings. To reduce the number of industry-specific documents, the following are now rescinded:

Car Washes
Domestic Services
Manufacturing
Outdoor Maintenance

Employers in the following categories are instead required to follow documented COVID-19 plans at least as protective as the follow L&I guidance found [here](#).

General questions about how to comply with safety practices can be submitted [here](#).

Reports of workplace health and safety violations should be directed to L&I’s Division of Occupational Health and Safety [here](#).

Reports of violations related to Proclamation 20-25 can be submitted [here](#).
